Following up on this as prices continue to climb. I'd like to discuss resolving this before it's gets to a point of costing more damages. Please let me know a time that works for you. Thanks

Hi John,

I have CC'd [REDACTED] [REDACTED], who is familiar with this situation. She will be best able to assist with the collateral reinstatement offer.

To very briefly summarize the collateral reinstatement offer, BlockFi is willing to repurchase the ETH sold during liquidation, and pass on the full cost to reacquire the assets to you in a new loan via refinance, but require the new loan to originate at a Healthy LTV level (<65%).

Best,
